About Us

We are a team of different people with different backgrounds who love doing what we do. Though we are very different, we are united by the one goal – to deliver highest quality product. Young and active, we constantly learn new things and share our experience to be better every day.

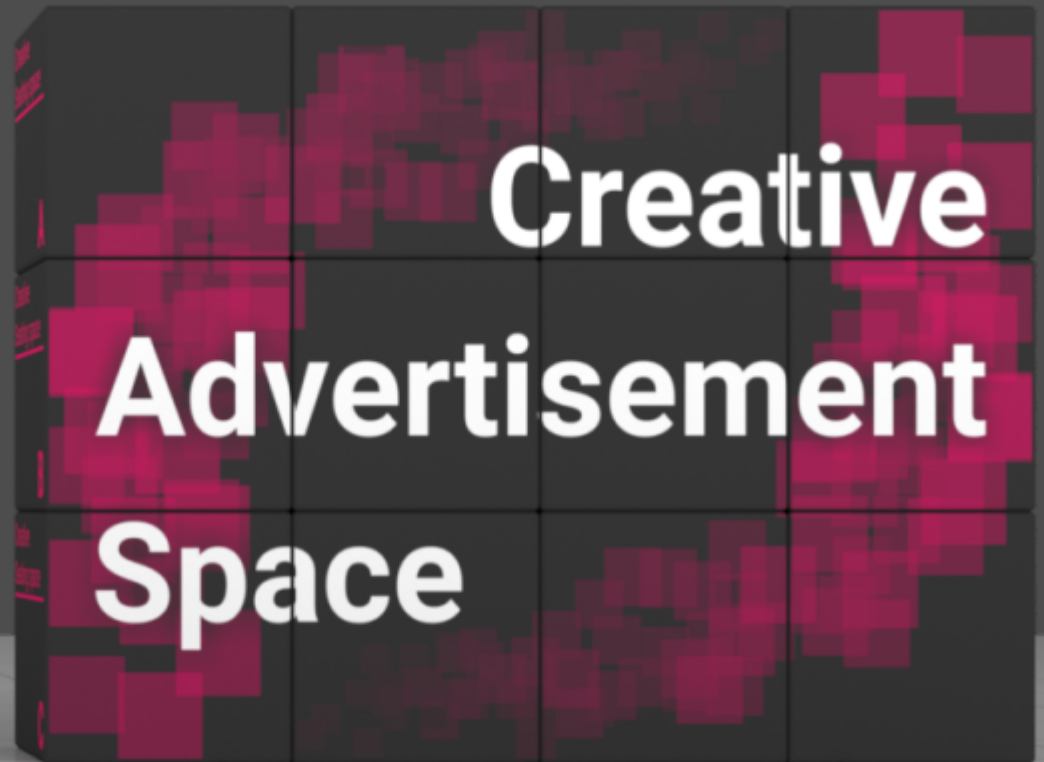

We love our clients. And strive to make them happy. To achieve this, we communicate with our client during every step of design, production and support. We carefully collect all the feedback and improve the quality of our service.

Idea

We help you.

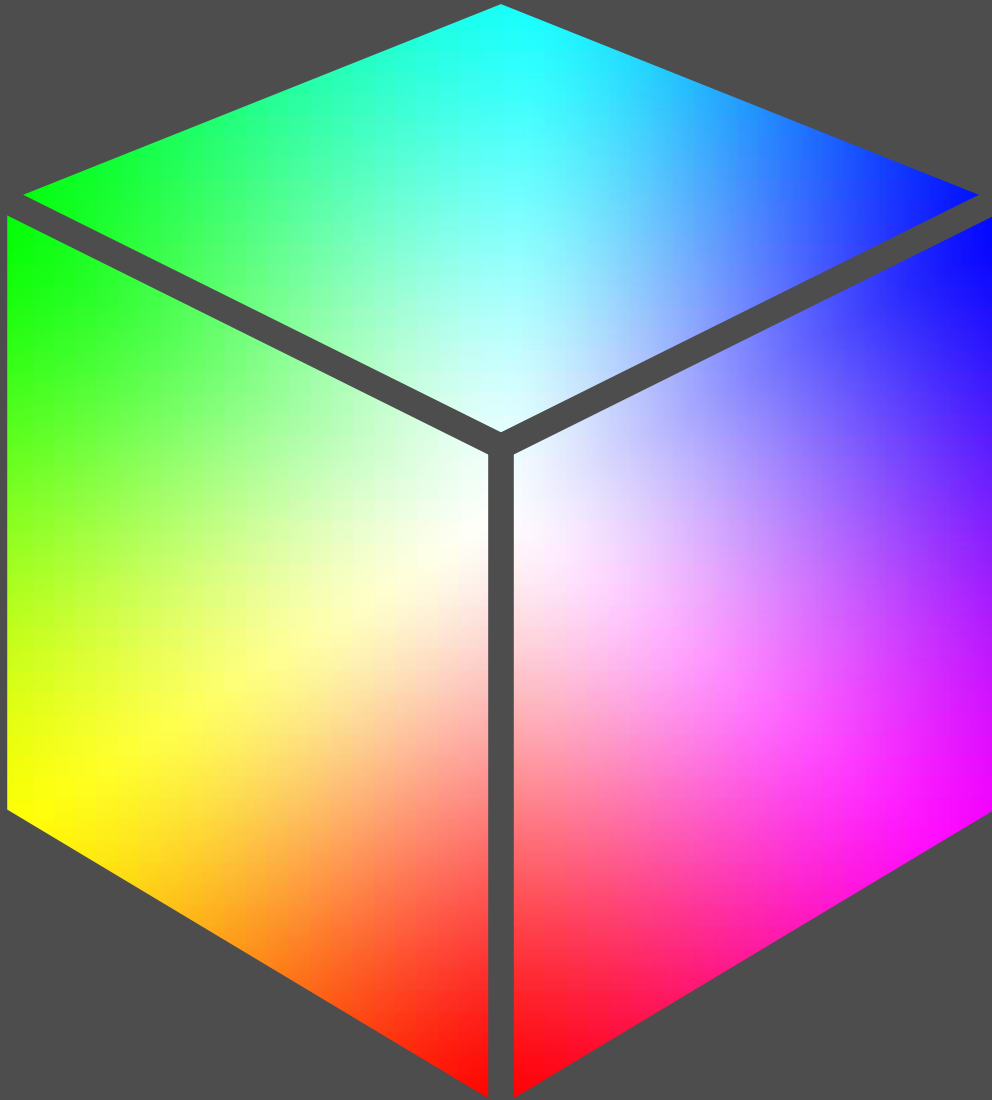

Shape your business.

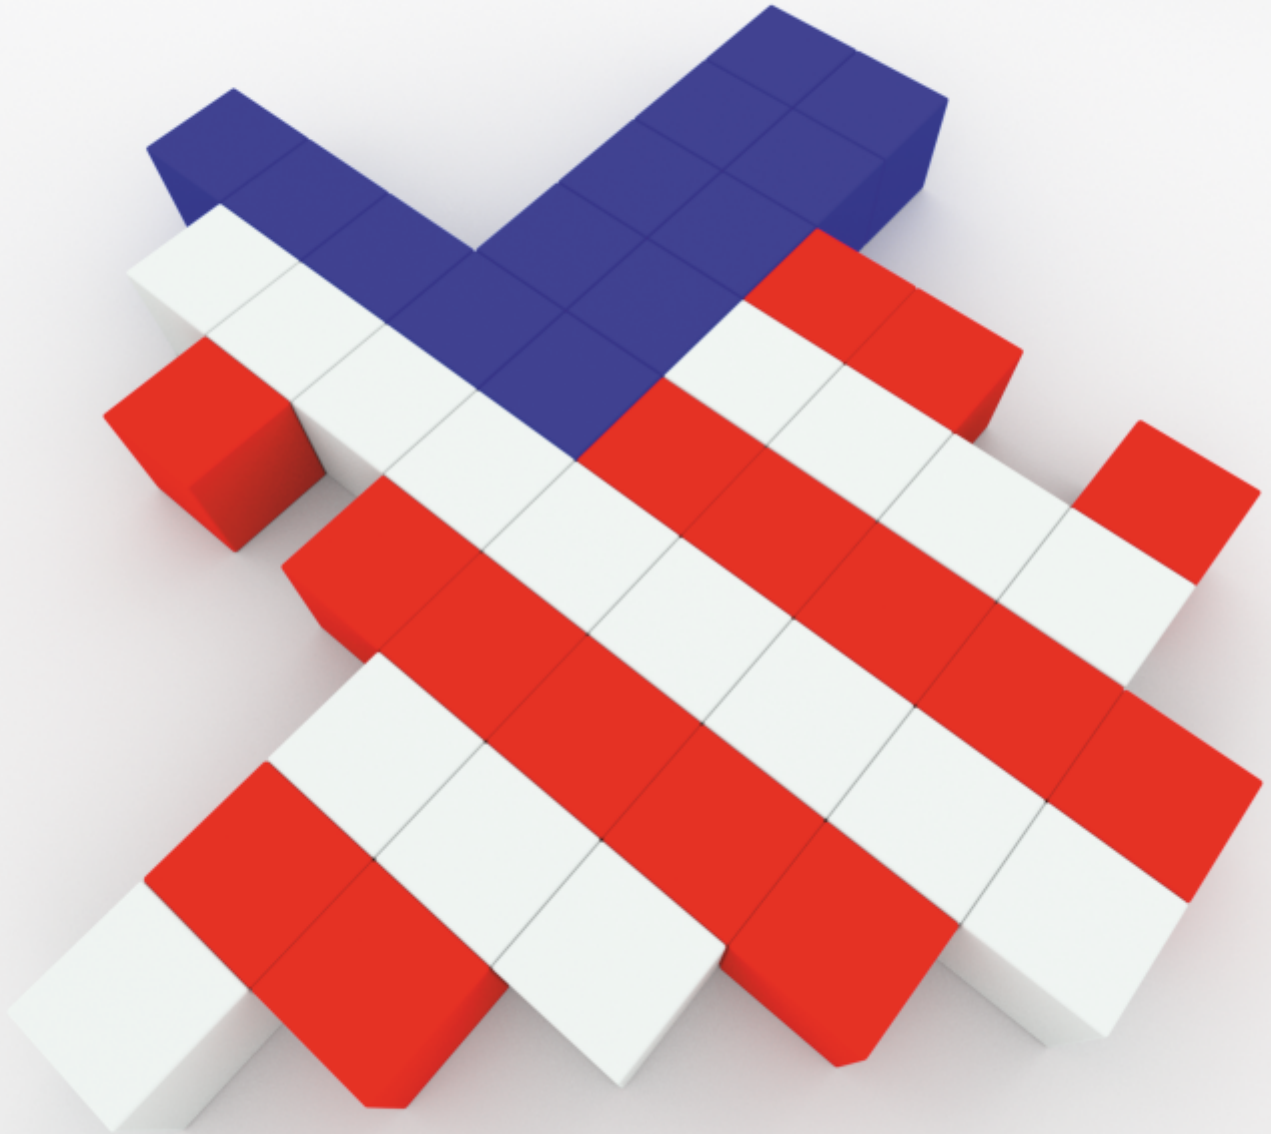

We use only high-quality polyester

We print with inks, that provide widest range of colors

Made in USA

PS cover:

UV Resistant

flex pigments are stable and can preserve colors in years

Water and weather Resistance

PS cover is made of synthetic leather or polyester fabric with a layer of cotton, what makes Pscubes a good choice for outdoor activities.

Maintenance and Cleaning

PS cover is easy to clean. Keep it inside and dry. If used outdoors - clean it with warm water and cotton cloth.

To avoid staining, immediately remove wine, coffee or champagne stain agents.

Ecology

We at PromoTx use only biodegradable foam core. It has use period of ** Years. PS covers are interchangeable. In case you need to replace old one, or order new designs, proceed to our website.
